ENERGY, ENVIRONMENT AND ENERGY EFFICIENCY  
Fair  
International conference  
ENERGY AND SUSTAINABLE DEVELOPMENT

Kragujevac, 11-13. march 2010.

Republic of Serbia  
Ministry of Mining and Energy

## INVITATION LETTER

“Sumadija fair and the City of Kragujevac , in cooperation with the Ministry of Energy and Mining of Serbia and the FIAT –Serbia company, organize an International Conference “ENERGY AND SUSTAINABLE DEVELOPMENT”, from 11-13 March 2010 in Kragujevac, Sumadija fair.

European and world trends in energy development, the fight for environmental protection and prevention of climate change as well as energy efficiency programs and sustainable development has encouraged us to organize this meeting.

The most eminent experts in the field of energy, climatology, ecology, sustainable development and industry, science and related disciplines would take participation in the meeting.

Many representatives of the international community, the European Commission , of the Energy Community Treaty, IEA, EC Energy DG, Environment DG, major companies and strategic partners of our country, primarily from Italy are invited.

Besides the international conference, "Sumadija Fair" will be the location of the supporting fair "Energy, Environment and Energy Efficiency" that will also have an international character.

Important part of this manifestation will be the Day of Italian-Serbian economic cooperation, and we expect several important agreements to be signed between highest officials of the City of Kragujevac and its foreign partners.

We have the honour to invite you to participate in this big event and to join us on a number of expert meetings of the International Conference "Energy and Sustainable Development".

Looking forward to hearing from you, with best regards.

  
Dorđe Đelić  
direktor „Sumadija sajma“ Kragujevac  
General Manager, Sumadija fair
